

Fig. 3

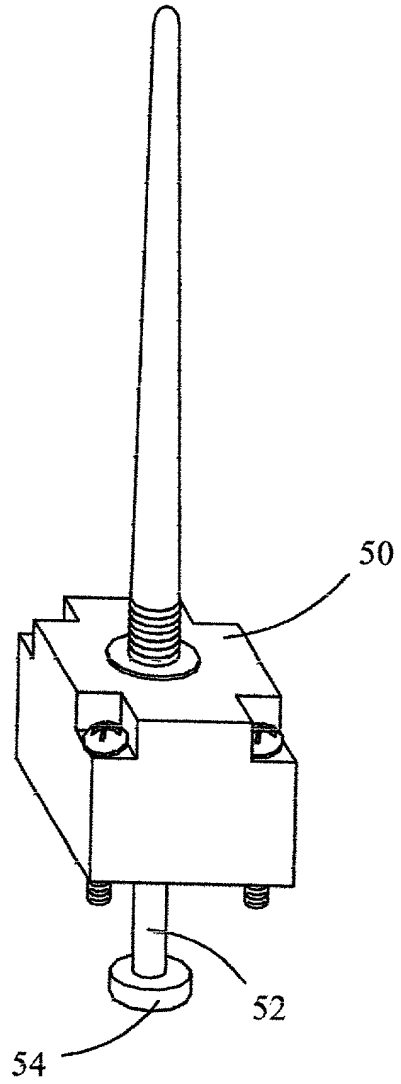

Fig. 4

FIG. 5 is a cross-sectional view of a probe assembly. The assembly includes a probe tip 60, a probe body 62, a probe housing 64, a probe spring 66, and a probe base 68. The probe tip 60 is connected to the probe body 62, which is housed within the probe housing 64. The probe spring 66 is located within the probe housing 64, and the probe base 68 is at the bottom of the probe housing 64.
